

## Army Community Service (ACS) Parking Lot Detour in July 2009

Beginning July 6, 2009 for one month, East Avenue by Building 110 and ACS will be closed for repaving. Barricades will be placed along East Avenue and South Avenue. The parking lot directly south of Memorial Field and across from ACS will need to be accessed from Beck Avenue on the south side of the lot.

If traveling on Rodman Avenue, at Second Street (near the pedestrian crosswalk) turn south and proceed two blocks south to Beck Avenue. At Beck Avenue, turn left (east) and proceed to the south end of the parking area.

A walkway will be constructed from the parking lot to building 110 through the construction site.

See drawing that identifies the location of the barricades and direction of traffic to the parking lot.

[Note: an alternative is to drive into the picnic area of Memorial Park near the ATM, and drive east around the picnic pavilion and come into the parking lot by a small, access road from the east.]
